## Rescue Dog Training

3/27/08

Lt. Bill Tillett assists with Rebecca and Trainer Sue Conrad. Rebecca, a six month old Golden Retriever, is in training to be a guide assist dog. Bringing her to the Firehouse exposed her to sights and smells that will help her remain calm around emergency responders.

Rebecca and Sue check out the patient compartment of the CERT Unit. This experience will help if she would have to go with her owner in a Paramedic Unit to the hospital. Guide dogs are allowed by law to go places that family pets are not such as hospitals, restaurants, etc.

CERT Team Leader Lisa Haynes-Henry and Battalion Chief Rick Martin look on as Sue works with Rebecca.
