

RECYCLING INFORMATION

In 2011, paint will no longer be accepted at Anderson's Junk & Recycling Days.

Below is information on how to recycle paint courtesy of Hamilton County Department of Environmental Services. You can get more detailed information directly from their website: www.hcdoes.org or by calling 513-946-7777.

Latex Paint Disposal

Latex paint is not hazardous and can be safely thrown away with your regular trash once it is solid. Simply leave the lid off and mix in sand, sawdust, or kitty litter to speed up the process. Once it is solid, place the can next to your trash with the lid off so your waste hauler can see that it is dry.

Reduce waste by only purchasing the volume of paint you will need.

Household hazardous waste can be disposed of throughout the year at many locations. Information can be found at: www.andersontownship.org; and http://www.hcdoes.org/sw/HHW/hhw_collection_program.html.

The HHW program will no longer accept prescription drugs or other medications. Please follow the FDA recommended disposal method, <http://www.fda.gov/ForConsumersUpdates/ucm101653.htm> or by calling 1-888-INFO-FDA (1-888-463-6332).

For a full list of drop-off locations, see
